DEPARTMENT OF AGRICULTURE

Submission for OMB Review; Comment Request

April 21, 2017.

The Department of Agriculture has submitted the following information collection requirement(s) to OMB for review and clearance under the Paperwork Reduction Act of 1995, Public Law 104–13. Comments are requested regarding (1) whether the collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; (2) the accuracy of the agency's estimate of burden including the validity of the methodology and assumptions used; (3) ways to enhance the quality, utility and clarity of the information to be collected; and (4) ways to minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology.

Comments regarding this information collection received by May 26, 2017 will be considered. Written comments should be addressed to: Desk Officer for Agriculture, Office of Information and Regulatory Affairs, Office of Management and Budget (OMB), New Executive Office Building, 725—17th Street, NW., Washington, DC 20502. Commenters are encouraged to submit their comments to OMB via email to: OIRA_Submission@OMB.EOP.GOV or fax (202) 395–5806 and to Departmental Clearance Office, USDA, OCIO, Mail Stop 7602, Washington, DC 20250–7602. Copies of the submission(s) may be obtained by calling (202) 720–8958.

An agency may not conduct or sponsor a collection of information unless the collection of information displays a currently valid OMB control number and the agency informs

potential persons who are to respond to the collection of information that such persons are not required to respond to the collection of information unless it displays a currently valid OMB control number.

Foreign Agricultural Service

Title: Dairy Tariff-Rate Import Quota Licensing Program.

OMB Control Number: 0551–0001.

Summary of Collection: The Dairy Tariff-Rate Import Quota regulation (the Regulation) (7 CFR part 6.20–6.37) which governs the administration of the import licensing system applicable to most dairy products subject to tariff-rate quotas (TRQs). The importation of most cheese made from cow's milk and certain non-cheese dairy articles (butter, dried milks, and butter substitutes) are subject to TRQs and must be accompanied by an import license issued by the Department to enter at the lower tariff. Importers without licenses may enter these dairy articles, but are required to pay the higher tariff. The Foreign Agricultural Service (FAS) will collect information using several forms.

Need and Use of the Information: FAS will use the collected information in the administration of the tariff-rate import quota licensing system for certain dairy products and the issuance of licenses in accordance with the Regulation. If the information were collected less frequently, FSA would be unable to issue licenses on an annual basis in compliance with the Import Regulation.

Description of Respondents: Business or other-for-profit.

Number of Respondents: 700.

Frequency of Responses: Record keeping, Reporting: Annually.

Total Burden Hours: 479.

Ruth Brown,

Departmental Information Collection Clearance Officer.

Forest Service

Nez Perce-Clearwater National Forests, Palouse Ranger District; Idaho; Little Boulder Project

AGENCY: Forest Service, USDA.

ACTION: Notice of intent to prepare an environmental impact statement.

SUMMARY: The Little Boulder project was released for public scoping in November 2014. The anticipated National Environmental Policy Act (NEPA) analysis level at that time was an environmental assessment. Upon further environmental impact analysis, the responsible official decided to proceed with an environmental impact statement (EIS) to analyze and disclose any significant effects which may result from the proposed action. Those who submitted comments in response to the initial scoping request within the allotted timeframe already have standing to object. To establish standing to object, comments may still be submitted in response to this notice no later than 30 days from May 26, 2017 OR by providing comments during the 45-day comment period following distribution of the draft EIS.

DATES: The draft environmental impact statement is expected September 2017 and the final environmental impact statement is expected March 2018.

FOR FURTHER INFORMATION CONTACT: Stephanie Israel, NEPA Planner (North Zone), Nez Perce-Clearwater National Forests, (208) 476–8344 or sisrael@fs.fed.us.

Individuals who use telecommunication devices for the deaf (TDD) may call the Federal Information Relay Service (FIRS) at 1–800–877–8339 between 8 a.m. and 8 p.m., Eastern Time, Monday through Friday.

SUPPLEMENTARY INFORMATION:

Purpose and Need for Action

The purpose of the Little Boulder project is to create conditions that are more resilient to disturbance by restoring white pine and other seral tree species and to initiate recovery of watershed function. Currently, grand fir and Douglas-fir tree species dominate the landscape within the proposed project area. The current species composition is creating intense competition for nutrients and ladder fuels in the drier, fire-dependent ecosystems. If left untreated, these conditions would lead to a decline in forest health and put future ecological, societal, and economical values at risk.

There is a need to initiate recovery of watershed function with management actions aimed at reducing long-term
